

Balfour Beatty

Analysts Visit to US

29-31 October 2007

Balfour Beatty

Ian Tyler

Presentation to UK Analysts
October 30, 2007

Balfour Beatty growth 2006 and beyond

- **2-3 years**
 - Already in order book / current mix
- **Medium-term**
 - New infrastructure investment markets
 - Knowledge-based businesses
 - UK regional business expansion
- **Longer-term**
 - Expansion of non-UK domestic businesses

Balfour Beatty Group

- UK model
- Increasing integration of our key capabilities in support of long-term customer alliances
 - Design
 - Planning
 - Financing
 - Project and programme management
 - Construction
 - Services and systems
 - Whole-life management

US strategy

- US business presence to be developed in line with the UK model with strong capabilities in programme management, project delivery and capital investment, focusing on specific markets and states
- Balfour Beatty's sustainable long-term growth ambitions require a major domestic US contracting and investment presence
- US business and its component parts must satisfy a range of key criteria

Population growth – select states vs US

Annual growth

Key criteria for US business presence

- High-quality, long-term, sustainable earnings
- Market presence in businesses at core of Balfour Beatty's existing competence range
- Market leadership
- Complementary, mutually-supportive component businesses
- Experienced, successful, proven management team with a good track record
- Clear focus on delivery, professional risk management and customer service as a key differentiator

Balfour Beatty Construction

Balfour Beatty

Balfour Beatty

North American Operations

Andy Rose

U.S. Construction Spend Surged in Recent Years, Driven by the Residential Sector; Public Spending Picked up in 2005/6

- Total annual construction spending is in excess of \$ 1.25 Trillion (about 8% of GDP)
- Non-residential construction value is about \$500 Billion per year
- Public funding accounts for half of the non-residential sector, growing at approximately 4-6% annually
- Private commercial markets have contracted from their 2000 peak, but most are expected to grow at 5-10% (2005-2010)

Georgia Aquarium

Balfour Beatty

FBOP Berlin Federal Prison (\$238m D&B)

Heery Performance

- Safety – Accident Frequency Rate of zero for each of the last 5 years
- Financial – Consistently profitable for last 15 years and accelerating growth since 2004
- Reputation – Highly regarded by its customers and employees
- People – Aims to recruit the best and invests in training and development

Heery – The Future

- 5-10%pa Market Growth to 2010 driven by
- Revenues rising from \$500m (2007) to \$650m (2009) not allowing for further acquisitions.
- Profitability in the 3% to 4% range
- Synergistic working with Balfour Beatty Construction US
- 2 further acquisitions under active consideration
- Jim Moynihan hands over day-to-day leadership to Bill Heitz, a 20yr+ man, at the end of 2007.

Balfour Beatty Rail, Inc.

Paul Copeland, CEO

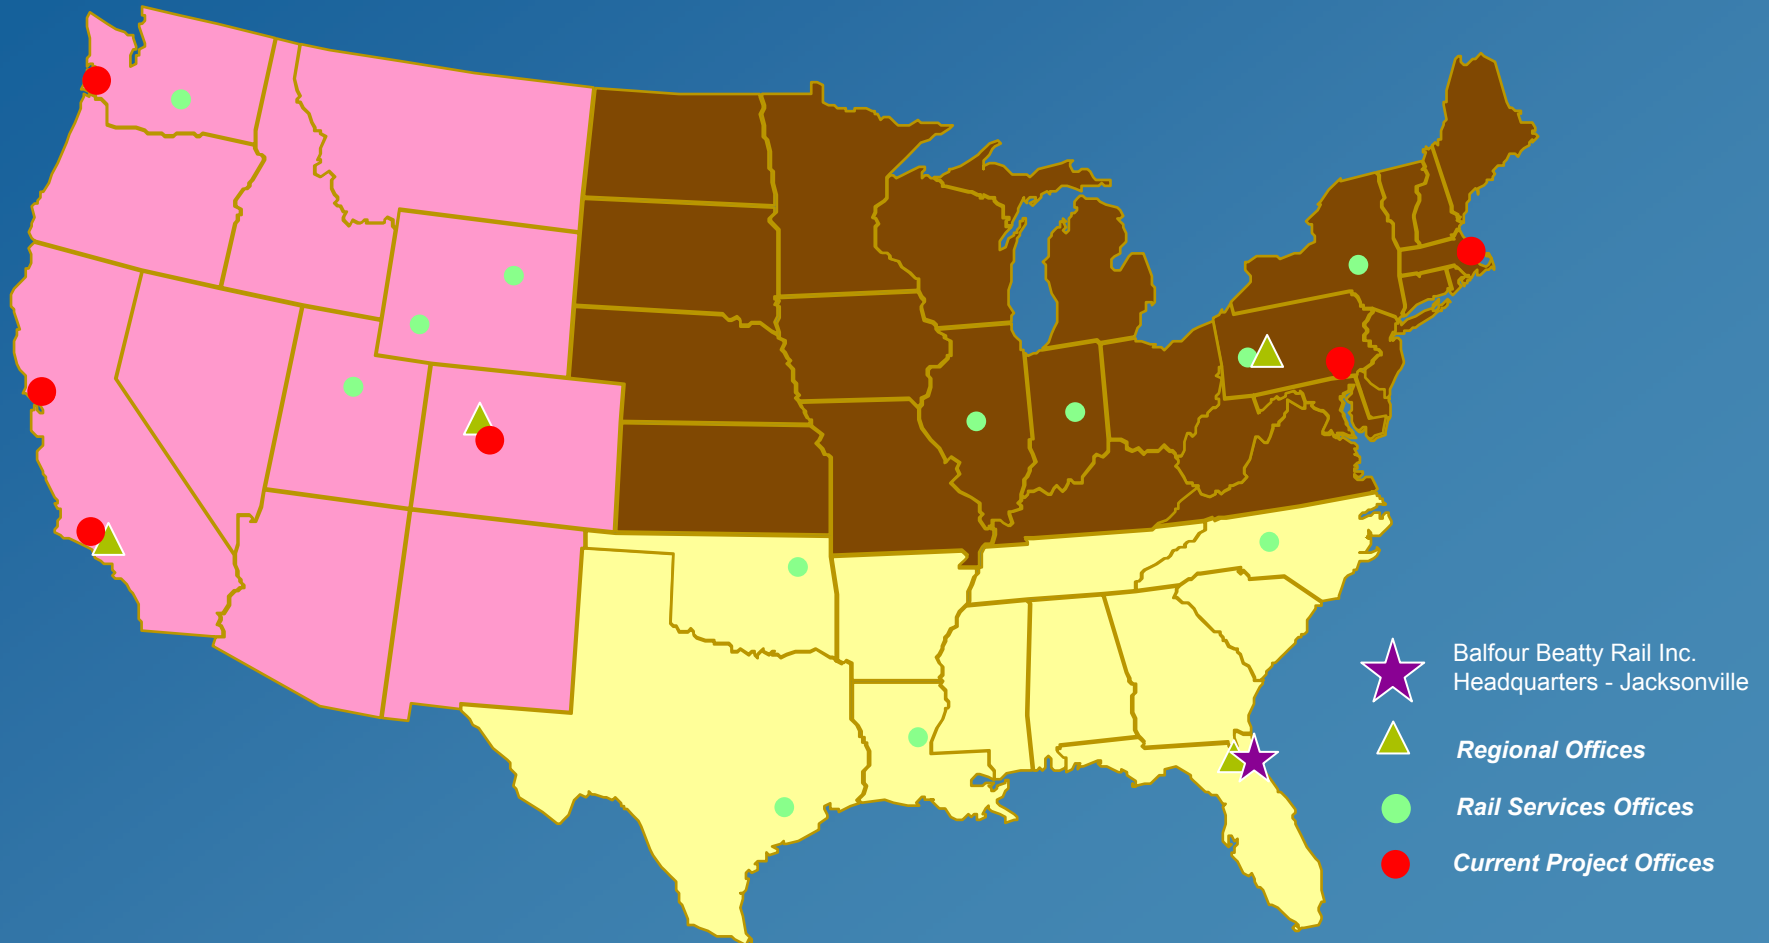

Balfour Beatty

- Transit Projects
- Regional-line Railroads
- Short-line Railroads
- Class 1 Railroads
- Industrial Facilities
- Ports

BBRI U.S. Locations

Balfour Beatty

BBRI – 2000 to Present

- Formation (2000 – 2002)
- Evolution (2003 – 2005)
- Stabilisation (2006 – 2007)
- Rebirth (2007 – Future)

BBRI – Formed from acquisitions

- April 2000 – Marta Track Constructors
 - Pittsburgh, Pennsylvania
 - Track projects
- April 2000 – Metroplex Corporation
 - Pittsburgh, Pennsylvania
 - Track projects
- February 2001 – ABC NACO (Rail Systems Division)
 - Jacksonville, Florida
 - Signalling, Control and Communications
- March 2002 – Knox Kershaw (Track Maintenance Division)
 - Montgomery, Alabama
 - Class 1 Railroads
 - Ballast Regulators, Ballast Cleaners, Vegetation

BBRI – A Shaky Start (2000 – 2002)

- A number of contracts won by the target businesses pre-acquisition played out badly
- Management did not perform up to expectations
- SEPTA – Resignalling of 8 miles of the Broad Street Subway in Philadelphia – a very difficult contract – now behind us

BBRI – Evolution (2003 – 2005)

- Management work to form a viable, cohesive rail enterprise
- Organic development -
 - Addition of electrification to product line
 - Addition of Rail Services business (small local projects and maintenance service)
- Decline of capabilities in -
 - Track
 - Signalling
 - Engineering

BBRI – Stabilisation (2006 – 2007)

- Insertion of new CEO, Paul Copeland
- 2006/7 Strategy Work
- Physically completed and financially closed out bad jobs – all now behind us!
- Changed other management and repopulated organisation
- Established SOPs for bidding and implementation
- Improved management of equipment fleet
- Improved professionalism and safety culture (Current AFR 0.18 and falling)
- Aim to break-even in 2007

SEPTA

Balfour Beatty

BBRI Greenbush Line Corridor

Los Angeles Goldline

Market Looking Forward

- Demand growth
 - capacity
 - maintenance
 - mass transit and commuter rail
- Customers requiring higher quality service
- Shortage of suppliers

BBRI - Future

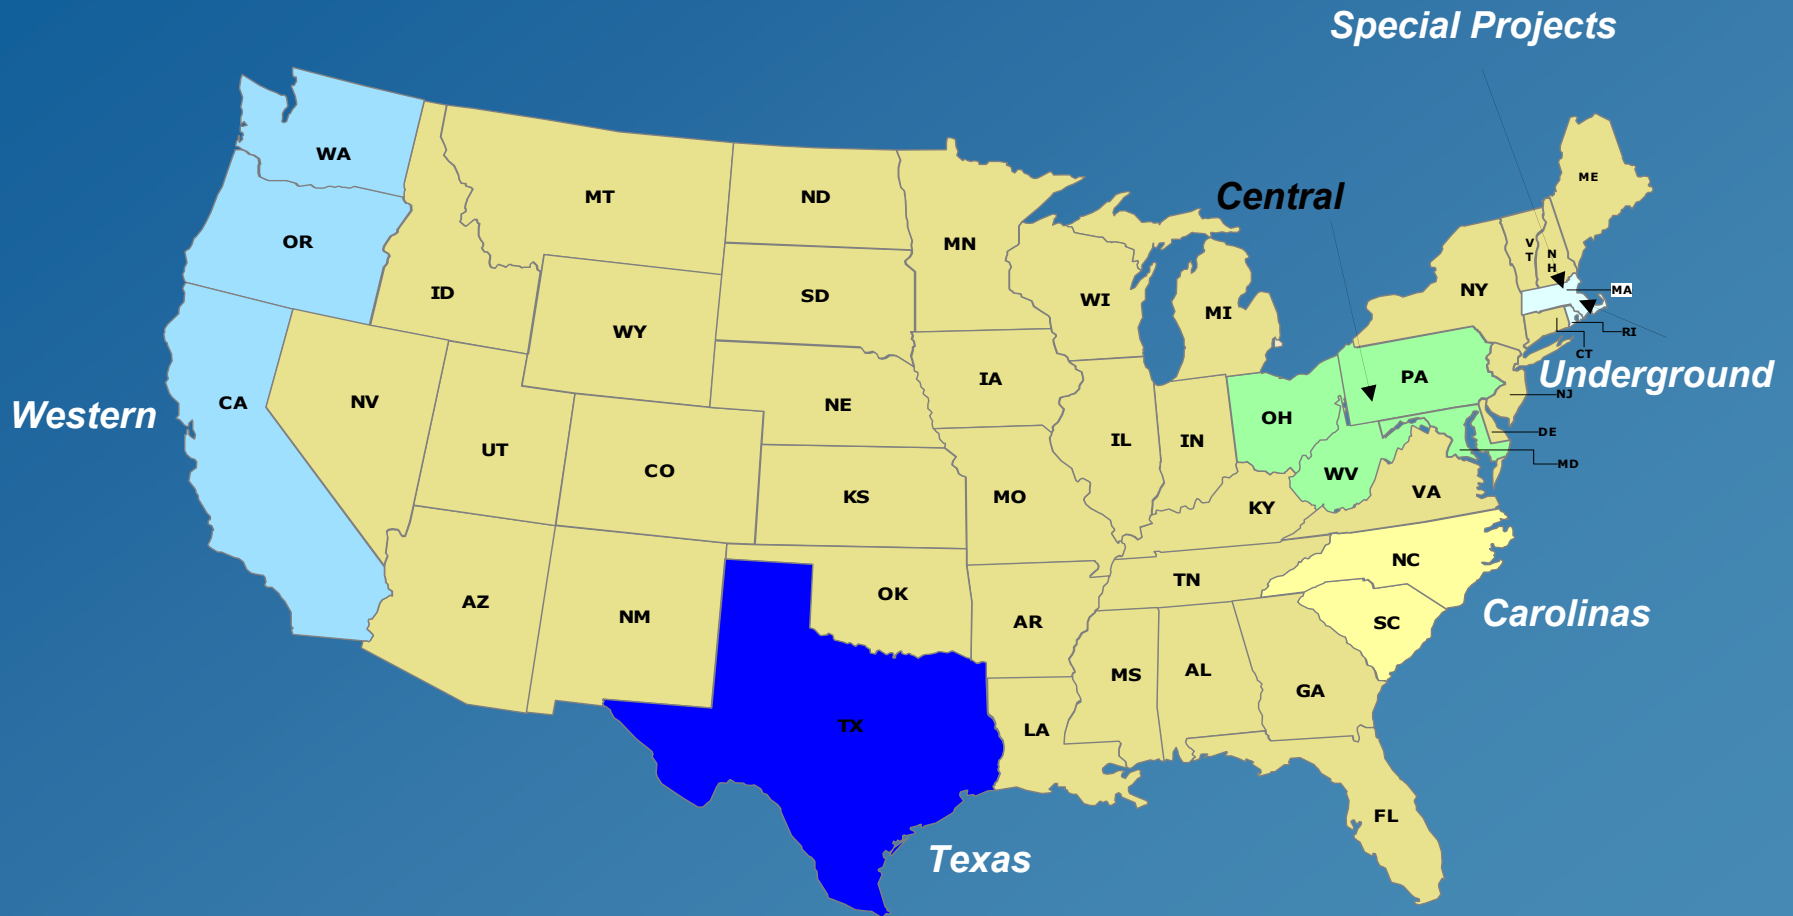

- Careful risk management
- Transit – a number of big schemes in West part of US
- Invest in profitable Regional Services offices and exit the non-profitable
- Class 1 – Better penetration of these markets
- Revenues rising modestly from \$180m (2007) to \$220m (2009)
- Margin target of 4%+

Balfour Beatty Infrastructure, Inc.

Jim Moynihan, CEO

BBII Current Footprint

Recent Past Performance

- The Good

- Western
 - Water
 - Highways
 - Seismic retrofit
- Texas
 - Highways
- Carolinas
 - Water
 - Highways
 - Small Bridges
- Underground
- Special Projects
 - Possibly out of footprint but in JV with local partners

- The not-so-good

- Legacy solo expeditionary projects nearly closed out
 - Bridgeport (Ct)
 - Sikorsky (Ct)
 - SC170 (SC)
 - Fuller Warren (Fl)
 - Croatan Sound (NC)
- Central Division created from
 - Expeditionary projects in Pennsylvania
 - August 2001 - Acquisition of NECC

BBII Legacy Projects

BBII Western Division

Balfour Beatty

BBII Carolinas Division

BBII Texas Highways Division

BBII Underground

Balfour Beatty

BBII Special Projects

BBII Lessons Learned

- Appropriate controls and risk management from BBII centre
- Careful selection of Division management
....empowered to act with considerable autonomy
- There are at least as many markets as there are States and they are all different
- To be successful you have to be local
 - Staff part of the community and role players in community activities
 - Ongoing relationships with local suppliers and subcontractors
 - Ongoing relationships with key customers

BBII The Future

- Markets for infrastructure are buoyant driven by
- Revenues modestly rising from \$500m (2007) to \$600m (2009) in existing footprint.
- Profitability rising to 3%
- Explore possibility of carefully managed market entries in Florida and Georgia
- Special Projects - thorough examination of any out-of-footprint opportunities with good quality local partners

North American Operations

- Next-stage Strategies in
 - Building
 - Infrastructure
 - Highway
 - Rail
 - Water
- Examination of markets for
 - Power transmission and distribution
 - Facilities Management
- Capitalise on synergies between Heery and BB Construction
- Organisation and People

4

Future Outlook

Presentation Overview

Key Features of the Business

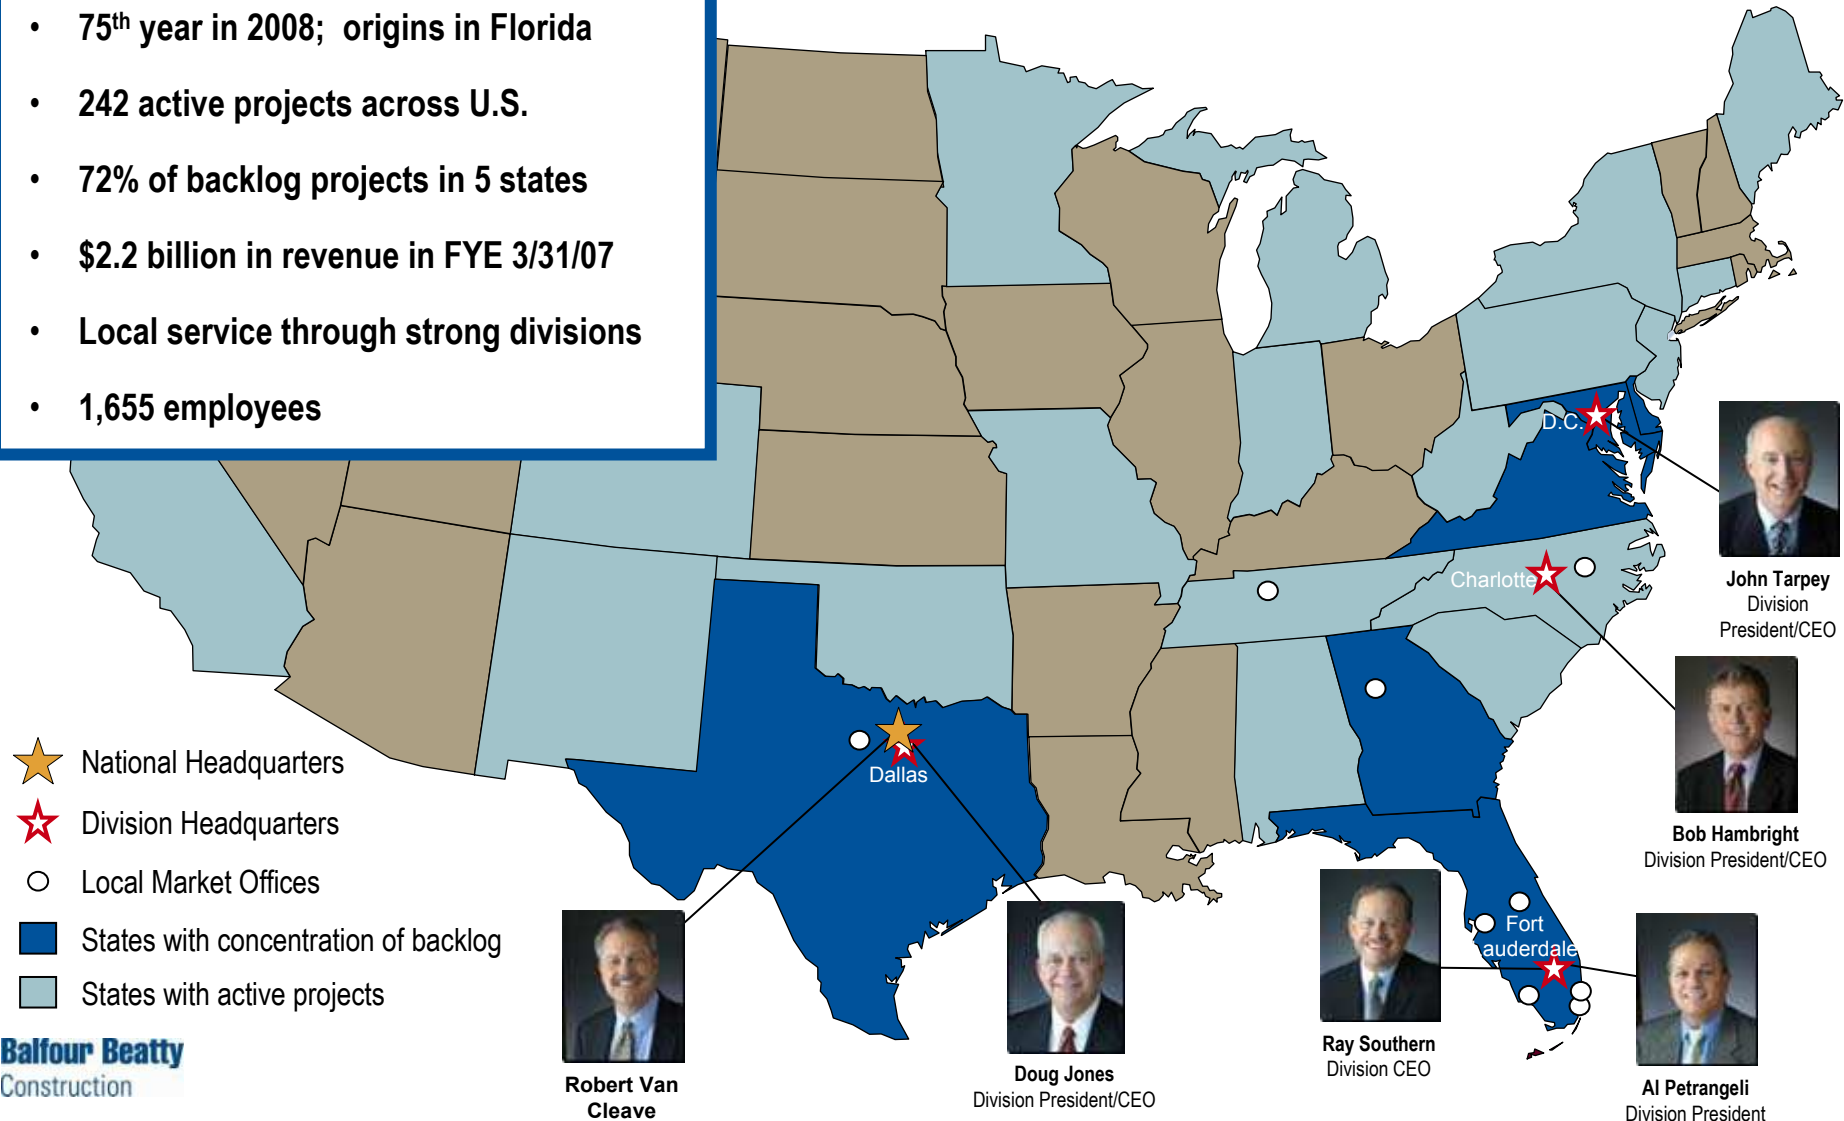

1

- Business Model
- Regional Overview
- Value from the Corporate Center
- Market Sectors

National Presence, Local Footprint

- 75th year in 2008; origins in Florida
- 242 active projects across U.S.
- 72% of backlog projects in 5 states
- \$2.2 billion in revenue in FYE 3/31/07
- Local service through strong divisions
- 1,655 employees

Our Creed

To differentiate ourselves
so significantly that we
change the industry."

— Our Vision

OUR CREED

We orchestrate the construction of custom projects in a way that fully engages our clients and employees in order to maximize their success and our potential. — Our Purpose

Durs is a service business in which each project is unique. Therefore, our local entrepreneurial spirit is as important to us as our national strengths. We combine the expertise and trust our clients expect of a local partner with the resources and sophistication of a premier national builder. We forge strong, lasting relationships with clients, suppliers and partners through consistent and positive behaviors of our people and project teams. Differentiation will be achieved through our commitment to Service, Talent and Choices.

SERVICE

We are passionate about providing clients with the best construction experience they have ever had — every time.

Therefore, we:

- Maintain a relentless focus on the client's expectations.
- Develop teams who blend their talents to delight clients.
- Build honest and productive relationships.
- Build client loyalty by delivering on our promises.
- Take ownership of all problems.

TALENT

We understand that our talent drives our success.

Therefore, we:

- Attract, recruit and keep the right people.
- Drive people through challenging experiences, opportunities, and coaching.
- Reward performance as culture.
- Develop leadership in projects.
- Foster diversity, learning and innovation.
- Dedicate resources.

CHOICES

We make the best choice and have the discipline to follow our strategy.

Therefore, we:

- Place safety as our highest priority.
- Identify, analyze and manage all relevant risk factors.
- Select markets, clients, projects and people that align with our culture.
- Benchmark and measure the results of our choices.
- Support the circumstances where we live and work through acts of citizenship.
- Behave beyond reproach.

Key Philosophies

- ***Aligned principles / decentralized decisions***
- ***Collective strengths (brand, transactions, systems ...)***
- ***Custom projects / consistent processes***
- ***Consistent and selective market, customer, and project choices***

Business Proposition

- *Over 80% of projects with repeat clients*
- *Focus on negotiated, qualifications-driven selection*
- *Value-added through preconstruction, value analysis, budgeting, and program management services*
- *Average project duration is 29 months; successful teams and relationships are critical to business and strategy*
- *Primary focus on projects over \$10 million within geographic footprint*

Two-step Procurement Process

Preconstruction Services		Construction Services	
Design Phase	Bid Management	Construction	Post-Construction
<ul style="list-style-type: none"> • Budget/Estimate/GMP Development • Schedule/Phasing Plans • Value Engineering • Mechanical/Electrical Analysis/Reviews • Constructability Analysis of Design • Redi-check of Reviews 	<ul style="list-style-type: none"> • Bid Package Development • Subcontractor Solicitation • Pre-Bid Conferences • Bid Evaluation • Post-Bid Interview • Contract Award • Safety Review • Minority/HUB Program 	<ul style="list-style-type: none"> • Construction Management • Reporting Process • Schedule Control • Quality Control • Site Management • Renovation/Phasing • Safety • Building Systems Commissioning 	<ul style="list-style-type: none"> • Move-in Scheduling • Project Closeout/Warranty* (*construction specification) • As-Builts • In-Service Training Videos • “Pre-warranty expiration” walkthrough

“Built on Paper”

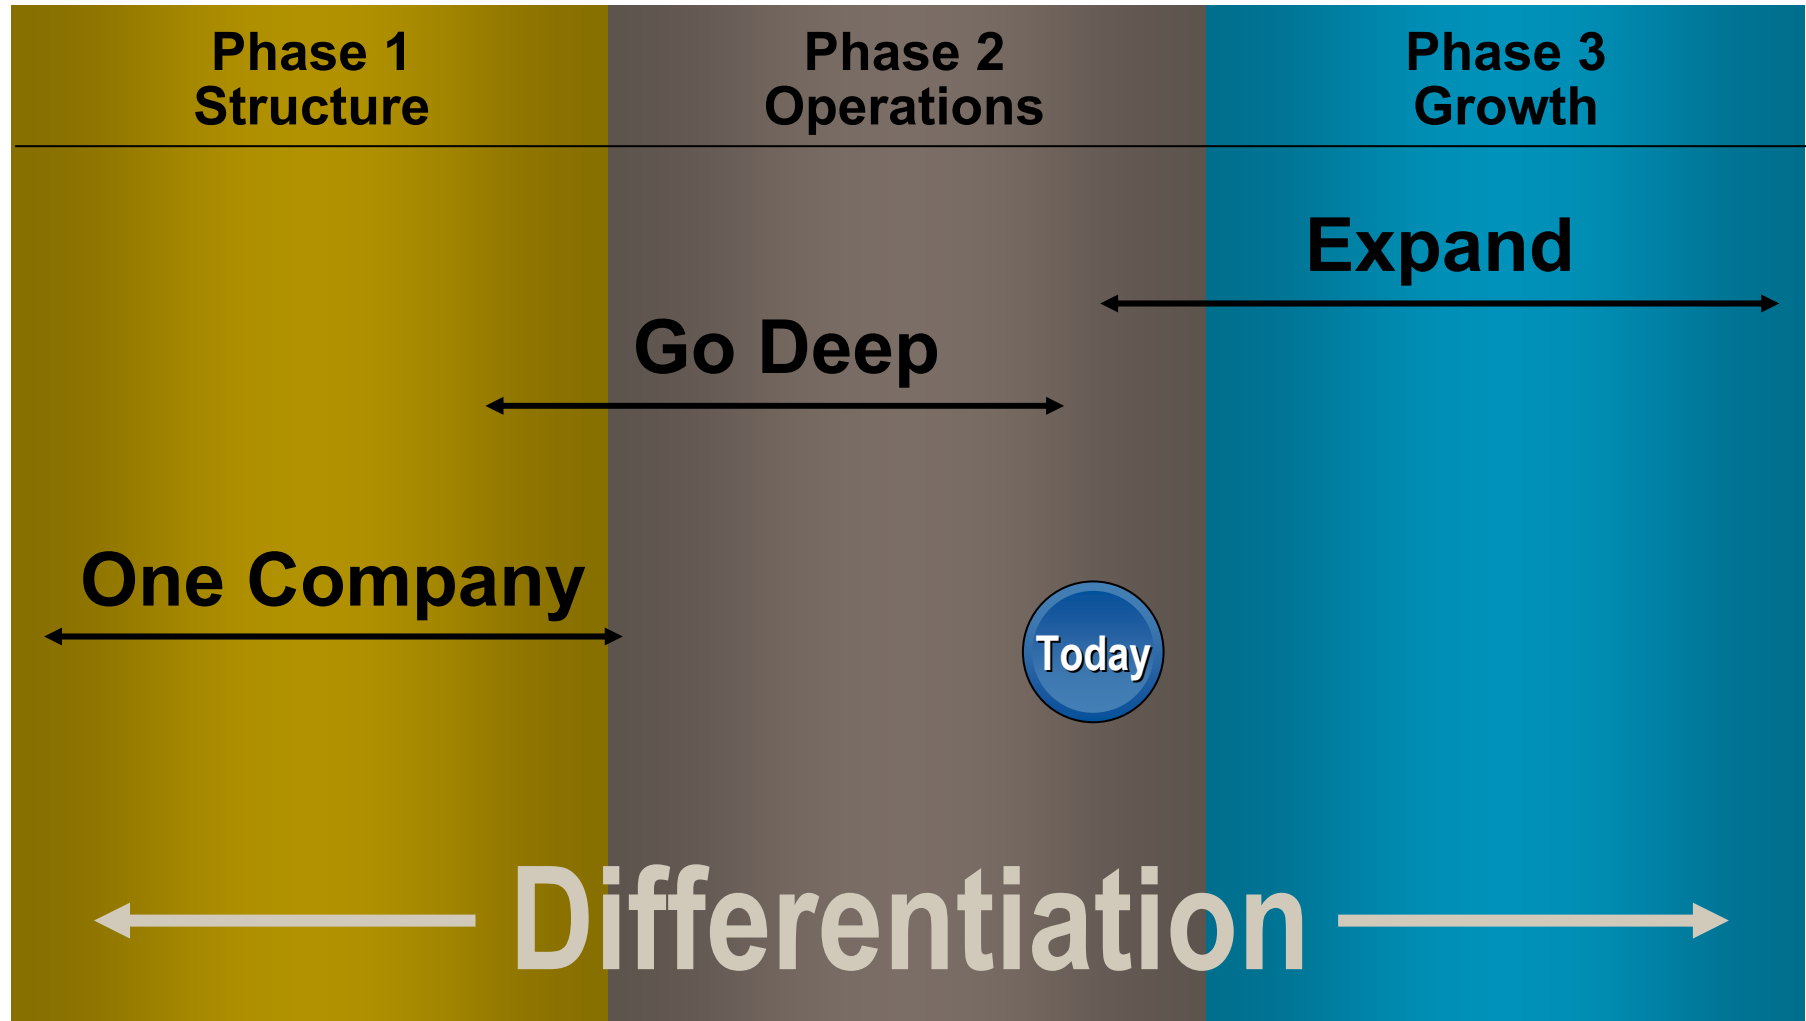

Relationships begin; expertise offered; and expectations established and aligned before construction begins.

“Built in Field”

Relationships continue; MAP process affirms expectations; and project teams “live the brand” in their everyday actions.

Our Roadmap

Operating Philosophy

We act as a local business while capitalizing on our collective strengths and common philosophies.

Key Philosophies

- *Local business/local decisions*
- *Aligned on core business beliefs*
- *Differentiate through service and talent*
- *Disciplined choices through common tools*
- *Leverage our scale*

FLORIDA DIVISION

Ray Southern
Div. CEO

- Joined in 1973
- 34 years in industry

Al Petrangeli
Div. President

- Joined in 1983
- 24 years in industry

Origin: Began as Rooney in 1933
Acquired by Centex in 1978

Model: Main location, plus 5 satellites
100% value-based procurement

Revenue: 5 year avg: \$473 million

of Active Projects: 58

Average Contract Value: \$31.3 million

Current Portfolio: Primary focus on Education, Hospitality,
Government, and Correctional

Regional Overview

SOUTHEAST DIVISION

Bob Hambright
Div. President and CEO

- Joined in 2001
- 36 years in industry

Origin: Began as new Centex office in 2001

Model: Main location, plus 2 satellites
50% military housing + 50% commercial

Revenue: 5 year avg: \$347 million

of Active Projects: 77

Average Contract Value: \$25.3 million

Current Portfolio: Primary focus on Education, Office, Retail, Hospitality, and Military Housing

Regional Overview

WASHINGTON DIVISION

John Tarpey
Div. President and CEO

- Joined in 1978
- 29 years in industry

Origin: Began as Simpson in 1935
Acquired by Centex in 1982

Model: Single location with primarily qualifications driven, some price-based procurement. Balance between Public (Federal) and Private sectors.

Revenue: 5 year avg: \$305 million

of Active Projects: 24

Average Contract Value: \$66 million

Current Portfolio: Balance of private and public work; heavy focus on Government (BRAC), Office, and public-private partnerships

Regional Overview

DFW DIVISION

Doug Jones
Div. President and CEO

- Joined in 1981
- 30 years in industry

Origin: Began as Bateson in 1936
Acquired by Centex in 1966
Merged Dallas & Nashville in 2005

Model: Main location, plus 2 satellites
Some value only, some fee-based procurement
Two Healthcare related consulting businesses

Revenue: 5 year avg: \$581 million

of Active Projects: 54

Average Contract Value: \$26.3 million

Current Portfolio: Primarily Hospitality, Office, Mixed Use,
Condominiums, Indian Gaming, and Healthcare

Division Overview – DFW

Highlights

State of the Business

- *Merger of two divisions behind us*
- *Marketplace continues to be ambitious and active*
- *Won \$250 million in new work in the past 30 days*
- *Tarrant County, Fort Worth presence is growing*
- *Healthcare master-planning and program management offer significant opportunities*

Presentation Overview

Differentiation Strategy

- Brand Management
- Experience Research
- MAP
- Employee Engagement
- Industry Recognition
- Community Involvement

2

Differentiation – *What it means to us?*

- ***Among Top Tier Builders***

- Cannot differentiate by superior technical performance
- Sub-excellent performance will, however, damage you
- Top performance keeps you “even”

- ***Opportunity to Differentiate***

- The client’s experience / not just price, schedule, or quality
- Moved from contractor to service provider mindset
- Benchmark customer satisfaction and employee engagement against “best of class” service businesses; not just contractors

OUR CHALLENGE

Duration / \$\$ / Customization

Short/Low

Ex: Restaurant

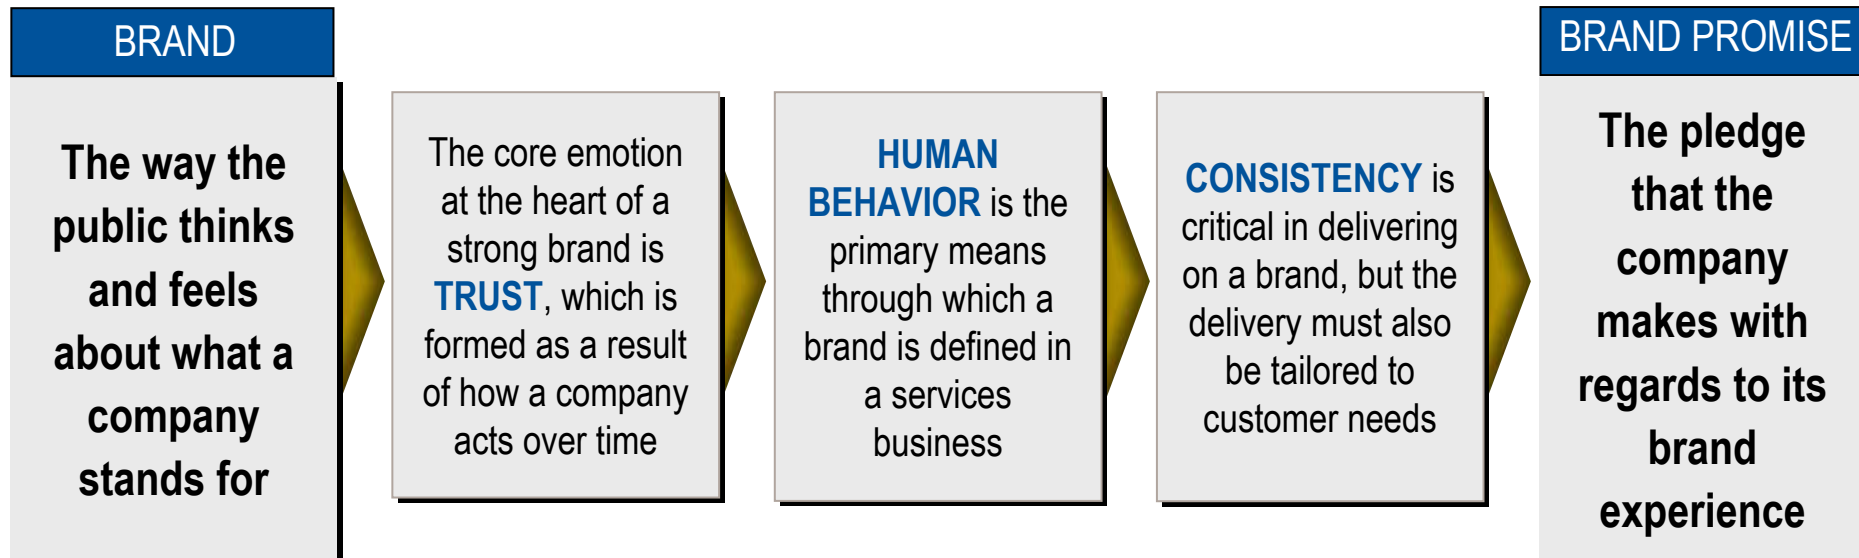

Long/High

Ex: Commercial
Construction

Brand – *What Is It and How Do We Get One?*

From: *Brand Customer Service: The New Competitive Edge*

BOTTOM LINE:

Brand behavior and reinforcement is especially critical at the front line.

The Question – *How to Go From Intent to Reality?*

Goal

Provide clients with the best construction experience they have ever had – every time

Challenge

How to do this in such a way that we don't stifle front line flexibility and ownership

Approach of Best in Class Service Providers

Understand the ideal customer experience – from the customer perspective

Define your Brand Promise with the ideal customer experience in mind

Support front-line employees in knowing the Brand Promise and their role in delivering on it

Focus the efforts of the company against supporting the Brand Promise

Brand Promise Integration

Enabling the Brand Promise – “How we select and develop”

Example: Profile for Success

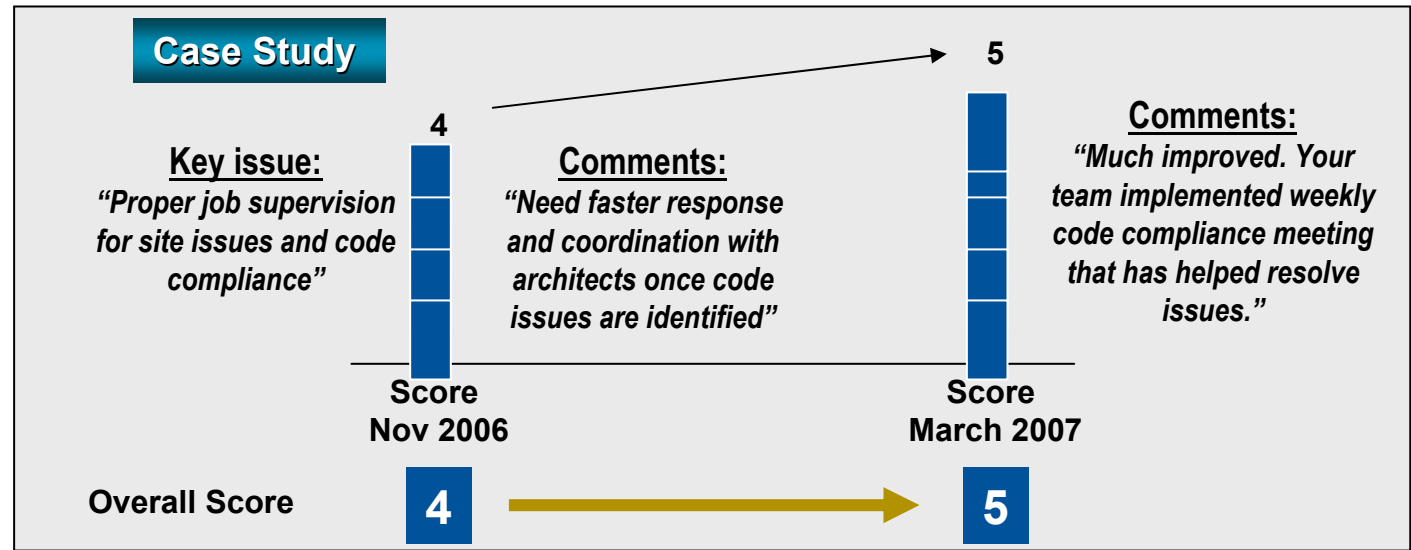

Example: SOP

Example: Blueprints

Example: MAP

What our clients say about us?

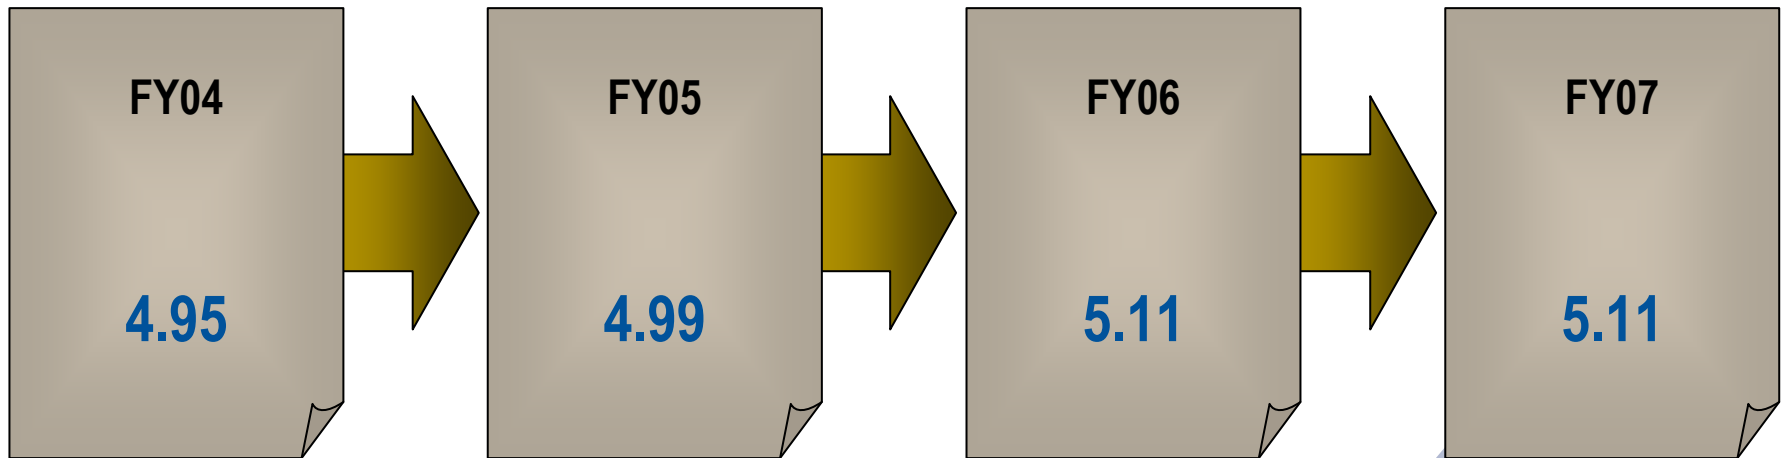

*"I serve as the collection point for feedback for the MAP and these (high) scores reflect the groups' opinions. We are all very pleased with the effort. **We are working with you now to get a GMP for some additional work here. It's a reflection of how we feel about our relationship.** We think (BBC) does a great job and shows willingness to work under tough circumstances."*

What our employees say about us?

Company-wide employee engagement scores reflect a strong and positive culture.

6 point survey scale:

- 1 = Completely Disagree
- 2 = Moderately Disagree
- 3 = Slightly Disagree
- 4 = Slightly Agree
- 5 = Moderately Agree
- 6 = Completely Agree

An amazing accomplishment, given the change we have experienced.

What the industry says about us?

South Florida
BUSINESS JOURNAL

- ❑ Named as one of the **"Best Places to Work"** by the *Washington Business Journal* and the *South Florida Business Journal*.
- ❑ Recipient of 14 **National Eagle Awards** for Excellence in Construction since 1998.
- ❑ Named **Corporation of the Year in 2007** by the United Minority Contractors of North Carolina
- ❑ Honored with more than 40 **Excellence in Construction** awards since 2000 from regional chapters of the Associated Builder and Contractors throughout the U.S
- ❑ In 2004, named **"Corporation of the Year"** by the Fort Worth Metropolitan Black Chamber of Commerce
- ❑ Received the **AGC Safety Star Award**, the ABC **Safety Excellence Award** and the **National Platinum S.T.E.P. Award**

Key Priorities for the Business – *Moving Forward*

- ***Growth Priorities***

- Geographic expansion (6 of the 20 top cities)
- PPP / PFI / PPEA
- BRAC program (Non-Military Housing)
- Leveraging Balfour Beatty resume
- Synergies with Balfour Beatty companies

It's time to expect more.

Balfour Beatty Construction
